

LUNA™ REVOLUTIONARY ALARM CLOCK + ROOM AUDIO SYSTEM

compatible with all iPod® models
with dock connector
(4G models and later)

Rev. 01/01/07

A REVOLUTION IN TIME.

Meet Luna, a revolutionary alarm clock and audio system made for your iPod. Luna lets you create customized sleeping and waking environments and enjoy outstanding audio throughout the day.

With Luna you can drift off and wake up to music from your iPod, or the radio. There are also a variety of alarm buzzers to choose from. With Luna's user-friendly controls you can simply set the clock and alarm time, or customize things like the alarm volume, duration, display brightness, and snooze time. Luna's innovative menu system looks and functions much like your iPod, and is just as easy to navigate. Plus, an included wireless remote lets you control many functions from across the room. Keep it simple or customize it all—with Luna, the choice is yours.

Once you hear Luna's exceptional sound, you'll want to use it for more than just sleeping and waking. Luna's newly-developed, precision speakers deliver stunning clarity and powerful sound any time of day. The sleek, compact design fits perfectly in any room, so you can enjoy your music anytime.

IPD-LUN-00	Luna Alarm Clock Audio System	US
